Sunday

Hi folks.

Recieved the towels & hangers this morning, & sure was glad to recieve them. We went into Macon last night, & were all sure disappointed at the town. all you see is soldiers & colored people. We are going swimming this afternoon, down at Macon, hope the water is ice-cold.

It sure has been hot here this past week, it has

been 100° or better for the last 7 days. They say this is only spring weather, + it does not get hot until the middle of June.

Received Dots letter Friday + Ella at the beginning of this week. Please excuse writing but this pen is terrible.

Sorry to hear Urban did not win the soap box derby race. but he will probely have another chance. Howe is Lois + the new one coming along. Hope all needs

as soon as possible.

How is the garden coming? I sure do hope the strawberries are coming along great.

Well we had our rifle firing for record Wednesday & did not get first stage but did get a metal for marksman. That is pretty bad so I will close.

Love Dick.
